

**St Mary's C.E.
Primary School**

Hello Year 6,

I hope you're all keeping safe and well and managing to keep some learning going each day. I have been trying to keep myself busy over the last few weeks, and getting into a daily routine with my two boys (including doing Joe Wicks at 9am!). There is no doubt you are all living through history at the moment. I am documenting it daily in some way through writing and also taking pictures, particularly out of my window as I live on a main road which is normally extremely busy, but is really quiet now every day.

It was lovely to make phone calls on Friday to speak to your families, and in some cases even spoke to you. One message I wanted to share with you all is that a lot of you may feel deflated, and like all the work you did was for nothing. There will be an opportunity at some time in the future to celebrate your time in Year 6 - that will be a definite. Even though your assessments may not take place as we thought, you will all have an opportunity to shine and prove yourselves, whether next month, in a couple of months or at the end of the year, you will all have a chance to prove how great you all are. You are all superstars!

In the meantime, please keep safe, and make sure you keep up with your learning. Oak National Academy is great, and keeps my two children busy so I'm sure it will keep you busy too! I have updated the learning packs too which are very useful to keep you practicing the skills you will need for when we eventually get back to some normality!

Once again, I hope you are all well and will be in touch again soon.

Mr Kilner
