

Collective Worship Policy

**St Mary's C.E.
Primary School**

Every Child Flourishing...

ST Mary's C.E PRIMARY SCHOOL

EVERY CHILD FLOURISHING

John 10:10 'I have come in order that you might have life – life in all its fulness.'

As we flourish, others do too.

Our Christian Values that drive this, our work, are:

LOVE

COMPASSION

FORGIVENESS

Our Vision

St. Mary's is a joyful place to be, where difference is celebrated, and everyone is safe and accepted. We genuinely care about the individual interest of each other, inspiring all to be life-long learners and igniting a passion to follow their dreams. We are proud to be at the heart of our community and celebrated life in all its fullness.

This is theologically rooted from John 10:10 'I have come in order that you might have life – life in all its fulness.'

Our Christian Values that drive this, our work, are love, compassion and forgiveness.

St Mary's Church of England Primary School is a centre of educational and personal excellence for all pupils. We have created a culture in which the highest expectations and aspirations are at the heart of our school. We have a broad and balanced knowledge-rich curriculum that ensures children develop curiosity and creativity with the ability to analyse the world around them and make a positive contribution to our society.

Our dedicated team of staff provide a friendly, nurturing learning environment where pupils feel safe, valued and secure. We work alongside parents, governance,

and the wider community to provide a creative, balanced, and inspiring curriculum. Our door is always open. Parents are always welcome. We are keen for parents and carers to be involved in their child's learning and successes.

St Mary's CE Primary School Collective Worship Policy

Worship statement:

Worship at St Mary's CE Primary School is to enable the spiritual development of all members of the school community. Through it, we aim to affirm and celebrate ideals and values held to be of central importance to the school family.

Collective worship at our school is invitational, inclusive, inspiring and impacts on the lives of our children and staff.

Aims of Collective Worship:

- To understand about God, faith and spirituality
- To begin to communicate and develop a sense of awe, wonder and mystery.
- To provide a time of peace and tranquillity, to gather, be still and to reflect.
- To promote the appreciation that silence can be a means of communication.
- To increase a sense of self-worth and the worth and needs of others through celebrating achievements.
- To develop a sense of community – its demands, values, rituals and celebrations.
- To share the joys and sorrows of life.
- To develop understanding of the Church calendar and liturgy.
- Within a Christian framework, allow children to build relations with God, each other, the world and God's creation.

Legal Requirements- 1988 Education Act:

All pupils shall on each school day take part in an act of Collective Worship. Provision is made for children to be withdrawn if their parents so wish. Collective worship and assembly are distinct activities. Although they may take place as part of the same gathering, the difference between the two should be clear. Collective worship is, nevertheless, related to the day-to-day life, aspirations and concerns of the school. It is a time when we reflect together.

Despite being in an Academy we still inherited the status of a Voluntary Aided school and the Governing Body is responsible for the arrangement of Collective Worship after consultation with the Headteacher. The character of the worship is in accordance with the principles of the Church of England, thereby being "wholly or mainly of a broadly Christian character" as determined by the trust deed."

Format of Collective Worship:

Collective Worship takes place on a daily basis in the school hall and is led by members of the senior leadership team, the RE leader and other teachers following agreed themes.

Wednesday worships are led by clergy from our local church, St. Mary's, Barnsley. Themes are discussed with clergy and reflect the Christian calendar as well as Christian themes.

Whilst RE and Collective Worship are two distinct aspects of our school, since the introduction of Understanding Christianity as a means to teach the RE syllabus, more apparent links have been made between Collective Worship and RE (where appropriate) to give pupils and staff more time to reflect on these concepts and develop their understanding further. The majority of these gatherings are attended by staff who join in the act of worship to demonstrate the school as a worshipping community.

At St Mary's Primary School, we also use our Collective Worship sessions to celebrate key Christian festivals e.g. Harvest, Advent, Christmas, Easter and Pentecost, and other national annual events such as Armistice Day or Mother's Day to demonstrate British Values. Parents, governors and friends of the school are invited to join us at many of these gatherings. We conclude our Autumn Term with a Nativity, led by our Foundation Stage children at Church.

As a number of our pupils, as well as staff, are communicants, School Masses are held at regular intervals throughout the year to celebrate All Saints' Day, Nativity, Ash Wednesday and Ascension Day. All are invited to take part in these events.

We also welcome occasional visitors from other organisations to lead our collective worship. Members of the congregation for the local church regularly lead sessions, as do other members of local community churches e.g. Salvation Army.

The format of our collective worship follows a similar pattern:

- A candle is lit to signify the beginning of the gathering and our school prayer is said.
- A bible story is introduced, and this is followed by:
- A story or short talk (supported by images or videos), followed by a hymn.
- We have a time for reflection and then the collective worship concludes with prayers.

Although this is the usual pattern, leaders of the worship bring their own style and approach. We aim to ensure that collective worship sessions help to develop the children's understanding of Anglican tradition and practice. Where possible we strive to develop the children's awareness of the global aspects of the Christian faith.

We attempt to involve children in our collective worship and try to make the content as varied as possible including – story telling, poetry, sharing personal experiences, periods of reflection, discussions, drama, mime, role play, video and audio media. We also make use of a wide variety of visual aids e.g. pictures, posters, objects and religious artefacts. Music also plays a large part in the preparation for worship as well as worship itself.

We have a very proactive Collective Worship committee made up of pupils across school. They are involved in planning and leading some collective worship sessions throughout the year.

Other opportunities taken for worship:

Prayers are said before lunch in the classes to give thanks to God for the food we are about to enjoy together, for those who have prepared it for us and for those who across the world are less fortunate than ourselves.

Prayers are also said at the end of the day. In KS2 and the older KS1 classes these are written by the children at the beginning of each year.

School also gives pupils opportunities to write individual prayers and add them to either a private prayer box or display these on the prayer tree. There are also prayer areas in the central area of the school.

Inclusion:

Worship should be an activity and experience to which, in principle, all can contribute and from which all can gain, no matter what their personal commitment or lifestyle.

Pupil integrity should not be compromised. It should provide experiences in which those who wish to worship can do so, whilst enabling those whose commitment is different or less to learn about worship and what it means to those who take an active part.

Parents do have a right to withdraw pupils from collective worship. This needs to be done in writing to the Headteacher and Chair of the Governing Body. For further information, please contact the school.

Education:

The educational value of worship is developed by fostering a sense of community, identity and self-esteem. It is an occasion when the school family can meet together. It provides a time to celebrate special occasions or achievements, to reflect on common values and to provide an opportunity for using gifts and talents.

The overall pattern of worship should be part of the whole school curriculum, even if occasionally unique within it. It may be an intentional learning experience, requiring careful planning, preparation, execution, evaluation and resources, or it may be a focus or a launching pad for what goes on elsewhere in the school.
